Please provide details of the matter to which you wish to speak: *

Our most recent water bill was four times the amount we have ever paid to the City of Kawartha Lakes. We have no leaks, no new plumbing, no new appliances and the billing department is advising me that the only way to look into this is the take the old water meter and have it sent away for testing (at my cost). Our normal water bill is +/- \$370. This bill came in at \$1700. After taking a week to even return my call (the attendant claiming she is completely overwhelmed and overworked) the advice I am receiving is that she can set up payment arrangements with me-I have no intentions of paying \$1700 for water. Our water meter was replaced March 6th. She is stating that the new meter is reading accurately and it is the old meter that could be broken (that is sitting on her desk). I am looking for a resolution.

Please attach any additional supporting documents you wish to provide and submit with this completed form.
