## **Background:**

In June 2016, an application was received by Realty Services from the owners of the property municipally known as 418 Palestine Road. The applicants advised that their property was subject to a registered municipal interest due to the fact that a portion of Palestine Road was located within the northeast corner of the applicants' property.

It was determined that the only way to correct the issue and release the municipality's interest in the applicants' property would be to have the subject portion of road conveyed to the municipality.

This issue was brought to the Land Management Committee on August 25, 2017 and the Committee had no objections to obtaining title to the subject land at no cost to the municipality and releasing the municipality's interest in the applicants' property following the transfer.

The applicants subsequently had a Reference Plan of Survey completed, at their expense, and have identified the extent of lands to be conveyed to the City.

Appendix A is a general location map, Appendix B is an aerial photo of the subject lands, Appendix C is a copy of Reference Plan 57R-10631.

The purpose of this report is to advise Council that the Land Management Committee recommends that the City proceed with obtaining title to the subject lands and releasing the municipality's interest in the applicants' property.

## **Rationale:**

The Land Management Committee has concluded that the only way the municipality can release its interest in the applicants' property is to first proceed with obtaining title to the necessary land.

The applicants are agreeable to conveying the land at nominal consideration, and to pay all costs associated with the transaction.

## **Other Alternatives Considered:**

Council may decide to not to proceed with obtaining title to the subject lands. That would be inconsistent with past practice and is not recommended in this circumstance.

## **Financial/Operation Impacts:**

The land will be conveyed to the City for nominal consideration, with all associated costs of the transaction payable by the applicants.

## **Relationship of Recommendation(s) To The 2016-2019 Strategic Plan:**

The recommendations set out in this Report do not directly support any of the three goals in the Strategic Plan, being:

- Goal 1 – A Vibrant and Growing Economy
- Goal 2 – An Exceptional Quality of Life
- Goal 3 – A Healthy Environment

However, the recommendations set out in this Report do align with the following Strategic Enabler of “efficient asset management.”
