**Chief Administrative Officer:**\_\_\_\_\_

**That** the decrease clawback parameters for 2018 be set at 0% for multi-residential, commercial and industrial;

**That** Council approve the 2018 tax ratios as outlined in Appendix A to report CORP2018-006; and

**That** the necessary by-laws be forwarded to Council for adoption.

## **Background:**

The Municipal Act, 2001 and the Assessment Act provide Council with the authority to make decisions concerning property taxation.

These decisions include:

1. adoption of optional property classes;
2. tax rate reductions for commercial and industrial properties where the land is in the property subclass of vacant land, or excess land;
3. capping and threshold parameters for properties in the multi-residential, commercial, and industrial property classes;
4. limiting the decrease for commercial, industrial, and multi-residential property classes subject to “clawback” provisions; and
5. revising tax ratios to mitigate tax shifts between the broad property classifications.

## **Rationale:**

### 1. Optional Property Classes

The *Assessment Act* provides for the implementation of optional property classes. This allows Council to apply different tax ratios to different property classes within the “main” property classes of commercial and industrial. Optional property classes include:

- Shopping Centre (included in the Commercial Broad Class)
- Parking Lots (included in the Commercial Broad Class)
- Office Building (included in the Commercial Broad Class)
- Large Industrial (included in the Industrial Broad Class)
- New Multi-Residential (included in the Multi Residential Broad Class)

Different tax ratios may be implemented if optional property classes are adopted. The tax ratios in these situations must fall within the legislated ranges of fairness.

The City of Kawartha Lakes has not adopted optional property classes ensuring that all properties within a defined “broader” property class are taxed at the same level.

### **Recommendation 1:**

**That Council does not adopt optional property classes for the 2018 tax year.**

### 2. Tax Rate Reduction Factors

Subsection 313(1) of the *Municipal Act, 2001* provides that tax rates levied for property in the commercial and industrial classes that are not classed as “occupied” be reduced.

**Recommendation 2:**

**The tax rate reduction by-law for 2018 provide for reductions as follows:**

<b>Commercial:</b>	<b>30%</b>
<b>Industrial:</b>	<b>35%</b>
<b>First Class Undeveloped Farm Land:</b>	<b>45%</b>

**3. 2018 Capping and Threshold Parameters**

The tools allowing for the movement of properties out of the capping calculation were updated in 2016, and implemented in 2017. The updated limits are reflected below:

- 5 - 10% of prior year capped taxes, or
- 0 - 10% of the prior year CVA taxes, and
- If the property is within \$500 of paying CVA taxes (either capped or claw backed).

Staff is recommending Council continue approving the maximum options available to move as many properties to CVA tax as possible once again this year.

**Recommendation 3:**

**The City of Kawartha Lakes implements the capping and threshold parameters as shown above.**

**4. Clawback**

Each year a by-law is required to provide the percentage of the tax decrease that is retained by the municipality (clawed back) in order to fund the properties that receive capping protection. The purpose of this by-law is to allow staff to apply these provisions to subsequent adjustments to the tax roll after the final tax bills are calculated.

**Recommendation 4:**

**As in 2017, it is recommended that the decrease clawback parameters be established at 0% for multi-residential, commercial and industrial properties.**

## **5. Tax Ratios**

Section 308 of the Municipal Act, 2001 requires municipalities to pass a by-law establishing tax ratios for each taxation year. Municipalities have the opportunity to decrease tax ratios, moving the ratios closer to the “range of fairness”.

### **Recommendation 3:**

**The City of Kawartha Lakes establishes tax ratios as outlined in Appendix A.**

### **Financial/Operation Impacts:**

There are no financial implications for the municipality with the recommendations.

### **Relationship of Recommendation(s) To The 2016-2019 Strategic Plan:**

Tax policy recommendations do not directly impact or align with a specific Strategic Priority.
