Petition

To: The Council of Kawartha Lakes
 26 Francis Street
 Lindsay, Ontario
 K9V5R8

We the undersigned, petition the Council of the City of Kawartha Lakes as follows:

Residents of the west side of Barron Blvd request the city not put in a sidewalk in front of their houses thereby savings the city money and retaining the same curb side appeal that is present today. Barron Blvd is a small street with no through traffic and the need for a sidewalk is not required.

We, the undersigned, are concerned citizens who urge our leaders to act now to stop sidewalks from being built on the west side of Barron Blvd which will save the City thousands of dollars in construction costs and ongoing maintenance.
