Dear Mayor Letham and Council:

Re: Lake Management Plans, 2017 Implementation

We respectfully request your consideration for funding the Lake Management Plans, 2017 Implementation Program. This proposal has been designed to be responsive to Council's concerns for budget containment and the development of a collaborative approach for the future implementation of the outcomes from the Kawartha Lakes Management Plans.

Our Board of Directors passed the following resolution:

*RESOLVED, THAT, the revised project proposal for Lake Management Plan Implementation be approved for presentation the City of Kawartha Lakes Council in early 2017 for Council consideration and funding support.*

We are prepared to come together in 2017 to discuss the future scope, model of delivery, and cost of the program into the future. We have developed a project that provides the most value for investment and that we believe will continue the existing momentum toward healthy and clean water in the Kawartha Lakes.

We appreciate the support from the City of Kawartha Lakes and look forward to a continued partnership that addresses the needs of the City's environmental strategic goals. If you have any questions or require further information, please do not hesitate to contact me.

Yours truly,

Wanda Stephen  
Acting CAO

Encl.
