**Re: Adopt-A-Road Program – Clean Up – Agreement No. L04-16-04**

We are pleased to provide you with this letter to serve as permission to deposit the litter collected from the section of Cameron Road 34 and Westlake Crt that you have adopted.

This letter will allow you to access the Fenelon Landfill Site located at 341 Mark Road for the months of April through to October, 2017. The Fenelon Site is available on Mondays, Wednesdays and Saturdays (9 am to 5pm), and Holiday Mondays (9am to 5pm) for access purposes.

Landfill Staff have the right to inspect the bags/loads received at the landfill through this program. Bags/Loads deemed not to be roadside litter will be charged at \$5.00 per bag or \$100.00/tonne.

With the implementation of the new clear bag program for 2017 we request that any roadside waste be contained in clear bags as well.

We wish to convey our thanks for your continued contribution to help keep our roads litter free.

Yours truly,

A handwritten signature in black ink, appearing to read "J. Collins".

Jeff Collins  
Manager 1A West Public Works
