

March 19, 2017.

Dear Andy Letham,

I am writing to you on behalf of the Birchglenn Cottagers' Association. The residents on Birchglenn and Daisy Dr. have had a Limited Service Agreement with the City of Kawartha Lakes to grade the roads twice each year. I understand that the City Of Kawartha Lakes is reviewing all Limited Service Agreements in the near future.

On behalf of the Birchglenn Cottagers' Association, I am requesting that the Limited Service Agreement remain in place for the roads mentioned above. The residents and cottagers in this area feel that they should have this service continue as is presently in place, and organized by Brian Causton. We feel the services presently provided through our property taxes paid to The City Of Kawartha Lakes, should remain as presently in place.

Sincerely,

Paul Healy, President

Birchglenn Cottagers' Association.
