

Memo

To: Mayor Letham and Members of Council
From: Councillor Gord Miller
Date: May 16, 2017
Subject: Waste Collection – Rosedale Parkette

Background

As Council knows the residents of Rosedale have invested many volunteer hours to improve the park in their community. The park is located in an area that falls within By-Law 2016-144 section 3.01(iv) that states:

"Despite any other provision of this By-law, curbside collection services shall not be provided, except by agreement to any land or building owned or leased by the Crown in Canada, the crown in right of Ontario, a university, a college, a hospital, or to any property for which no taxes are paid and for which no grants in lieu are received or any vacant or for any unoccupied structure.

This results in no garbage collection at this location. The volunteers consulted with staff as to the proper receptacles and would appreciate their efforts to improve the area to include garbage pick-up.

If an exemption is approved by Council, staff would have to negotiate with Miller Waste for any contract and price revision that would be included and paid through the operating budget.

Recommendation To Council

RESOLVED THAT the memo from Councillor Miller regarding **Waste Collection – Rosedale Parkette**, be received;

THAT the matter of waste collection from the Rosedale Parkette be referred to staff for a report back for the June 27th meeting.
