Petition

To: the Council of the City of Kawartha Lakes, 26 Francis Street, Lindsay, ON K9V 5R8.

I/We the undersigned, petition the Council of the City of Kawartha Lakes as follows:

As residents of Barron Blvd and St. Peter St., Lindsay, request the City of Kawartha Lakes take immediate action to initiate the resurfacing of St. David St., Lindsay, north of Fleetwood Rd. The broken condition of St. David St. North of Fleetwood Rd. has made the southbound lane virtually un-usable, forcing southbound traffic to use the northbound lane. This is creating an unsafe condition which could lead to an accident and or injury. Works department crews continue to continue to apply cold patch repair to the road at an ongoing cost to the city and taxpayers. Condition of the road is creating unnecessary wear and tear on residents' vehicles.
