3.3 KLMHC2019-02.3.3.1

Rivermill Village

Jean Ward

The clubhouse located at Rivermill Village is of historical value. Two members from Rivermill Village are looking for direction on how to move forward the process of having the clubhouse officially heritage designated.

The exterior of the building is of historical value - the brickwork is original as well as its foundation.

3.4 KLMHC2019-02.3.4.1

4 Riverview Road & 3 St. David Street

These 2 properties are currently under an application for a zoning variance with the potential for demolition to enable a new development.

Staff advised that the subject properties have not been identified on the proposed list of 'listed' properties to be included in Section 3 of the Heritage Register.

Because there is questionable heritage merit for designating these properties, it may be more appropriate to follow the development process. Given neighbourhood opposition to the proposed development rather than to designate either building especially given the likelihood of opposition to designation by the property owner. The heritage committee to date has never designated a property without the consent of the property owner in Kawartha Lakes.

The Municipal Heritage Committee members decided to do a preliminary assessment of the properties to see if they have potential for heritage designation, before taking any further action.
