OFFICE OF THE CITY CLERK
KAWARTHA LAKES

To the Council of the City of Kawartha Lakes,

We, as residents of Lakeland Road, Bobcaygeon, are submitting a petition to repair and resurface our road.

Over the years our paved road has continued to erode to the point that a number of residents including myself have either fallen or done damage to their vehicles. We realize and appreciate that the City does occasionally come down and try to fill pot holes. However, due to the very poor condition of our road this is only proving to be a "bandaid" solution. The City spends money to fill pot holes but within two to three days the road has totally broken away again. The erosion that has taken place in many areas is so severe that there is no pavement and the depth of these craters exceeds eight inches and very unsafe to drive through. Parts of the road have completely disintegrated. We have sharp curves on our road that when we try to go around the eroded areas we end up on the other side and this is just an accident waiting to happen. Lakeland Road is dead end and there is no alternative route to take to drive out. We must rely on this road to be in good condition. We were under the impression that we were on a one year list to get the road resurfaced. Then it went to a five year waiting period. From the information we received from the Engineering Dept. we are now on no list. This has to be addressed and rectified as soon as possible.

Yours truly

Jack Richel and the residents of Lakeland Road
