I am the owner of the 77 st. David street building in Lindsay industrial area. This was a plastic recycling plant, Northern lumber. The previous owner left a lot of plastic/Garbage in the building. I am trying to remove that plastic, so that I can use that building, it will generate a lot of jobs as it is a 50k square feet building. The plastic dumping fee is being charged as \$110 per ton, which is too much, so I am unable to pay that amount and the building is sitting full of garbage for three years. I will appreciate if the city will waive the dumping fee. So I can get rid of the garbage and use the building. The building will generate at least 40-50 full-time jobs.

I will really appreciate your kind cooperation. Note: I try to sell the building but no one is willing to buy it due to its current condition, someone put fire in June 2019 also. I am hoping for a sympathetic response from the city as I am not a millionaire, but I will create jobs for the community. Once it is clear, I can renovate " Bank may loan"the building to the building code.

With kindest regards,

Thank you,
