Subject: Active Transportation Master Plan

Dear Council Members:

I am writing to encourage Council to develop and implement an Active Transportation Master Plan. As a retired member of the community, I do a lot of walking around Lindsay and I cycle where I feel it is safe to do so. I know that my active lifestyle is good for me and I am well aware that it is also good for the environment when I'm able to leave the car at home. There is much work to be done, however, before Lindsay can call itself a pedestrian and bicycle friendly town.

I am envisioning an Active Transportation Master Plan that will outline how to achieve safe and direct routes for those who don't have access to a vehicle or who choose to walk or cycle. By prioritizing such a plan, Council will demonstrate its commitment to making the City of Kawartha Lakes a healthier place to live for all its citizens.

Thank you for including my letter in the November 13, 2019 Special Council Agenda.

Sincerely,

Kathy Anderson

Lindsay
