Memorandum

Date: February 5, 2020
To: Drainage Board
From: Lucas Feitler, Drainage Superintendent – Engineering & Corporate Assets
Re: Subsequent connection to drainage works
Rich Municipal Drain
CC: Juan Rojas Director of Engineering and Corporate Assets
Mike Farquhar, Supervisor of Technical Services.

Recommendation:

Recommend that the memorandum from L. Feitler, Drainage Superintendent - Engineering and Corporate Assets, dated October 21, 2019, regarding the section 65(3) subsequent connection to drainage works be received;

That the Engineering and Corporate Assets Department initiates proceedings under the provisions of Section 65(3) of the *Drainage Act, R.S.O. 1990, c. D.17*;

That the City Clerk be instructed to advise an engineer in writing to inspect the land and assess it for a just proportion of the drainage works, taking into account any compensation paid to the owner of the land in respect of the drainage works as per section 65(3) of the *Drainage Act, R.S.O. 1990, c. D.17*; and

Background:

During the Fall, Craig McGill (MFDrainage) informed me that he intended to connect some unassessed lands to the Rich drain.

Over the Christmas holidays work was completed and connected into the rich drain. One 12 inch tile outlet was placed in the north roadside ditch of CressWell Road.

I was contacted by and spoke with Dick Rich when this work was completed. I explained that this additional land can be accounted for through the Section 65(3) process.

Alternatives:

1. Deny the connection and obstruct or remove tile outlet.
2. Do nothing
3. Petition for a branch/ new drain under Section 4 of the *Drainage Act, R.S.O. 1990, c. D.17*
4. Peition for an improvement to the drain under Section 78 of the *Drainage Act, R.S.O. 1990, c. D.17*

Recommendation for appointment of a Drainage Engineer:

Currently the City has a pool of Drainage Engineers which list in the following. Depending on availability the Engineer firm is to be:

Burnside Engineering
Tulloch Engineering
K-Smart Engineering
R. D. Dobbin Engineering
DM Wills Engineering
