***This is a follow up with regards to the application we put in last year, to purchase the abutting road allowance to our home with which people have been disrespecting and causing us grief.

The misuse of our abutting road allowance and infringement onto our land by some neighbours is what instigated our application to purchase the allowance.

If the city won't consider us to purchase it, we ask that the city please consider simply closing it permanently, as it has been impeding on our enjoyment of our own property. In the by-law it states that if there is a secondary road allowance in the immediate area, it is possible to close it, as is in our case.

This is an ongoing issue for us that we hope the city is interested in helping us come up with a solution.

What action are you hoping will result from your presentation/deputation? *

City closure of the abutting road allowance beside our property. Or ability to purchase it.
