

Council Memorandum

Date: September 1, 2020

To: Committee of the Whole

From: Councillor Ashmore and Councillor Richardson

Re: Grassy Road Lifecycle Extension Program

Recommendation

That the memorandum from Councillor Ashmore and Councillor Richardson, **regarding Grassy Road Lifecycle Extension Program**, be received;

That Grassy Road from Emily Park Road to Hawke Drive be considered for the Lifecycle Extension Program for 2021; and

That this recommendation be forwarded to Council for consideration at the next Regular Council Meeting.

Rationale

Grassy Road is a combination hard surface and gravel road located east of Omemee running east to west. Hawke Drive in the west to Bethel Road in the east. The section from Hawke Drive to Emily Park Road is located in both Wards 6 and 8. This section of hard surface has deteriorated over the past few years and has caused safety issues for the residents using it.

This section of road would be a prime candidate for the Lifecycle Extension Program to stabilize and extend the life of this road until it is fully resurfaced on a future date.
