

## Council Memorandum

---

Date: September 17, 2020

To: Council

From: Chis Marshall

Re: Land Use Planning Interim Procedures

---

### Recommendation

**That** the Memo from Chris Marshall, Director of Development Services, regarding Land Use Planning Interim Procedures be received; and

**That** now that the State of Emergency has been lifted and the Planning Advisory Committee meetings are taking place on a monthly basis, the interim modification to the Planning Advisory Committee Terms of Reference be removed that enabled planning applications to be forwarded directly to Council for consideration and approval.

### Rationale

In order to expedite planning decisions already in process during the State of Emergency, and where a Statutory Public Meeting under the Planning Act had already been held, an interim amendment to the current Planning Advisory Committee terms of reference was adopted by Council on April 28, 2020. Now that the State of Emergency has been lifted and the Planning Advisory Committee Meetings are being held on a monthly basis, staff are recommending that the interim modification to the Planning Advisory Committee Terms of Reference be removed
