

Council Memorandum

Date:	January 12, 2020
To:	Committee of the Whole
From:	Councillor Ashmore
Re:	Improved Lighting at Heron's Landing Entrance

Recommendation

That the Memorandum from Councillor Ashmore regarding **Improved Lighting at Heron's Landing Entrance** be received;

That staff conduct a traffic count in summer and provide statistical analysis of entrance regarding traffic and safety to see if warranted for streetlight;

That staff report back in Q3 2021; and

That this recommendation be forwarded to Council for consideration at the next regular council meeting.

Rationale

Heron's Landing is a four season Parkbridge residential community northeast of Dunsford. Over sixty homes are located within this community and all are permanent residents. A request for a streetlight was made by citizens as well as the local Councillor (Case # 121666). There is a similar community just south of Herons Landing (Glen Way Village) where there is a streetlight at the entrance. Staff however have determined Heron's Landing does not meet the criteria.

Residents have expressed a continued desire to have a light installed to prevent a serious accident in the future.
