

Council Memorandum

Date:	November 16, 2021
To:	Council
From:	Mayor Letham
Re:	Hospital Board Representation

Recommendation

That the Memorandum, from Mayor Letham, **regarding Hospital Board Representation** be received; and

That Deputy Mayor O'Reilly assume the responsibilities, as the Council representative, on the Hospital Board for the remainder of this Council term.

Rationale

Councillor Ashmore has been the Council representative on the Hospital Board since the term started in 2018. Due to conflicting work schedules, he can no longer attend the meetings. It is important that the City have a Council representative on the Hospital Board to meet quorum and represent the City on important issues.
