Please contact AgendaItems@kawarthalakes.ca if you have an accessible accommodation request.

1. Call to Order

The Chair called the meeting to order at 3:04pm.

2. Adoption of Agenda

Moved By L. Scrivens

Seconded By C. Appleton

Resolved that the Agenda be adopted as printed.

Carried

3. Disclosures of Pecuniary Interest

There were no declarations of pecuniary interest disclosed.

4. Approval of the Minutes of the Previous Meeting

Moved By C. Appleton

Seconded By L. Scrivens

Resolved that the minutes from the previous meeting be approved.

Carried

5. Reports

5.1 PRC Activity Summary Spreadsheet

6. Landfill Complaints

There was a complaint received by staff on May 25, 2021 of blowing litter, specifically balloons onto a neighboring property. The complaint was recorded and submitted to the MECP.

7. Leachate Outbreaks

No leachate outbreaks.

8. Other New Business

8.1 Biomonitoring Program Review

Kerri summarized a technical memo completed by Azimuth Environmental Inc. which reviewed 26 years of the biomonitoring reports and completed a statistical analysis on the results. Azimuth concluded that it is not necessary to continue the program. Community health metrics are generally stable. Clear downward trends

over the 25 years of monitoring in the number of invertebrates or health parameters were not found. Clear associations between community health parameters and bioaccumulation of contaminants were also not evident.

Staff will be submitting this technical memo to the Ministry of Environment, Conservation, and Parks (MECP). The MECP is aware that the City has completed this review of the program. Once the memo is submitted the District Officer will set up a meeting with the technical support experts at the MECP. The City will receive direction from the MECP at that time regarding the future of the program and whether an ECA amendment should be submitted.

Moved By C. Appleton

Seconded By D. Webb

Resolved that the PRC receive the technical memo and the memo summary from staff.

Carried

8.2 Final Regulation for Producer Responsibility of the Blue Box

Kerri summarized a presentation from AMO on the final Blue Box Regulation. There were some minor changes between the draft regulation and the final regulation including designated materials, eligible sources, servicing, and management requirements. Staff will continue to attend webinars and workshops to plan for transition and keep the PRC updated on this progress.

Moved By D. Webb

Seconded By L. Scrivens

Resolved that the PRC receive the presentation on the Final Blue Box Regulation.

Carried

9. Public Comment Period

No comments.

10. Next Meeting

The next meeting will be Wednesday, September 29th at 3:00pm over Zoom.

11. Adjournment

Moved By L. Scrivens

Seconded By C. Appleton

Resolved that the meeting adjourn at 4:13pm.
