Subject: Correspondence to Council - ORV Routes on Kawartha Lakes Roads - November 16th, 2021 Committee of the Whole

To: <agendaitems@kawarthalakes.ca>

Below is the text of a [change.org](https://www.change.org) petition in opposition to ATVs on roads in Kawartha Lakes signed by 843 people, 300 of whom have identified themselves as City of Kawartha Lakes residents - as listed in the attachment..

Petition:

Our position is that the City should NOT make any changes to the current bylaw. i.e opening access to roads south of Kawartha Lakes Rd 8, Glenarm Road.

Opening any more roads - rural or urban will present a safety risk, and a pilot of any length is very likely to get renewed and become permanent. So, we recommend No to rural roads; No to Lindsay; No to Bobcaygeon; and No to a pilot of any length.
