

Council Memorandum

Date:	February 8, 2022
To:	Council
From:	Councillor Ashmore
Re:	Cedar Glen Culvert and Ditching

Recommendation

That the Memo from Councillor Ashmore, **regarding Cedar Glen Culvert and Ditching**, be received;

That Engineering staff check culverts and ditch maintenance on Cedar Glen in preparation for Rural Resurfacing in 2022; and

That these recommendations be brought forward to Council for consideration at the next Regular Council Meeting.

Rationale

Cedar Glen Road from Earl Kennedy Rd to West End is scheduled for Rural Resurfacing in 2022. This is much welcomed and appreciated by the local residents there. However, there are several culverts that need to be addressed as well as road drainage issues. These have been documented in case numbers for close to two years but no maintenance has occurred since the requests have been made. It is important that the roadside infrastructure be rectified prior to Rural Resurfacing occurring.
