**3. DEPUTATIONS**

**3.1 Alan Webster (Relating to Item 4.1 on the Agenda)**

Mr. Webster introduced his reasoning for submitting a petition noting that he purchased the land last summer, and identified the need for tile drainage on portions of the land. He stated that he received approval to connect an outlet for

the tile drainage system to a watercourse known as White's Creek from the Lake Simcoe Region Conservation Authority. He stated that a neighbouring property owner was not favourable to additional water entering their property via the watercourse. He determined from advice he received that the best course of action was to petition for a municipal drain and designate the watercourse as a municipal drain. Mr. Webster responded to questions from the members of the Board.
