

Council Memorandum

Date:	February 8, 2022
To:	Council
From:	Councillor Ashmore
Re:	Drainage on Kawartha Lakes Road 36 Segment

Recommendation

That the Memo from Councillor Ashmore, **regarding Drainage on Kawartha Lakes Road 36 Segment**, be received;

That Staff be directed to place the segment of Kawartha Lakes Road 36, from south of municipal address 1364 to the east side of Pleasant Point Road, on the 2022 Drainage Work Plan; and

That these recommendations be brought forward to Council for consideration at the next Regular Council Meeting.

Rationale

Roadside drainage has been a major issue along this portion of Kawartha Lakes Road 36 in the past decade. As a result of the poor drainage along the ditch, flooding occurs often during the year which severely impacts the surrounding houses and fields.

The issue has been case filed and no work plan has resulted. The surrounding neighbours feel that the time has come to maintain this roadside ditch and respectfully ask that the City of Kawartha Lakes include this ditch in their work plan.
