**Please provide details of the matter to which you wish to speak: \***

Xplornet Communications has been working with the Planning Department on a site located at 892 Cambray Road. Access to the tower site has been proposed on a City of Kawartha Lakes right of way that has been in existence since 1960. Staff continue to reject using this route that is currently being used by Hydro and cleared (snow and brush) by the adjacent landowner. We would like an opportunity to present why this route should be approved.

More materials and background will be provided to the Committee of the Whole in advance of the presentation.

Please attach any additional supporting documents you wish to provide and submit with this completed form.

**Have you discussed this matter with City Staff?**

Yes

No

**If yes, Which department and staff member(s) have you spoken to?**

**What action are you hoping will result from your presentation/deputation? \***

Hoping that the Committee will see the value in allowing access via this route and that the existing water wells in the area will not be disturbed. The ask would be for the Committee to agree and grant approval for this ROW usage.
