

Memorandum

Date: May 13, 2022

To: Chair L. Robertson and Members of Committee of Adjustment

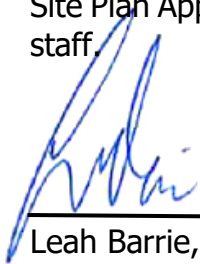

From: L. Barrie, Manager of Planning

Re: **Minor Variance Application File No. D20-2021-077**
Skyline Real Estate Holdings Inc./Bousfields Inc. (M. Bissett), Vacant Lands,
Logie Street, Block 39, Plan 57M-798, City of Kawartha Lakes (Geographic
Town of Lindsay)

At the statutory public hearing held on March 17, 2022 the Committee of Adjustment deferred the above-noted application for a period of not more than two (2) months, returning at the latest to the May 19, 2022 meeting. The deferral was to encourage further discussion between the applicant, planning staff and abutting property owners. The deferral would also allow the objection of the abutting property owners to be further considered prior to a decision being rendered.

The proponent has made revisions to the proposal which result in no variances being required. As such, the proponent has withdrawn the application as of May 10, 2022.

The proponent is addressing the site design details through the related Application for Site Plan Approval File No. D19-2022-002, that is subject to on-going review with Planning staff.

Leah Barrie, MCIP RPP
Manager of Planning
