Dear [REDACTED]:

Re: Application to Enter into a License Agreement with the City of Kawartha Lakes

---

The application you submitted to enter into a License Agreement with the City of Kawartha Lakes was reviewed by the Land Management Committee and approved with conditions.

The City of Kawartha Lakes requests all docks on the shoreline road allowance to be less than 6 feet wide. All construction over water and new docks must have a permit from Trent Severn Waterway. Please contact Justin Gerow with Trent Severn Waterway, 705-750-4935, or [justin.gerow@pc.gc.ca](mailto:justin.gerow@pc.gc.ca), to obtain a permit. I have attached the application for your reference. Once you have a permit from Trent Severn Waterway, provide a copy to myself and I will draft your License Agreement.

This option will expire December 31, 2023. No payment or insurance will be necessary until a dock is present. As of January 1, 2019, any vacant space will be deemed public use.

If you have any questions, please do not hesitate to contact me.

Yours truly,

The Corporation of the City of Kawartha Lakes
