

2022 Accessibility Awareness Recognition Awards

June 7, 2022

Welcome to the 14th Annual Accessibility Awareness Recognition Awards

2022 marks the (14th) fourteenth anniversary of the City of Kawartha Lakes Accessibility Awareness Recognition Awards that recognize individuals, businesses, community groups and Kawartha Lakes staff who are breaking down barriers for residents with disabilities.

Recognition!!!

The past two years have been challenging for all residents and the COVID-19 Pandemic has impacted people with disabilities, even more so.

The Kawartha Lakes AAC would like to recognize the many **pharmacies, pharmacists and pharmacy technicians** who went above and beyond, during the pandemic. Offering in-vehicle vaccinations, new delivery services, and phone call consultations, many of the pharmacies in the City have helped residents with disabilities immensely.

Congratulations to the Recipients of the 2022 Accessibility Awareness Recognition Awards

Thank you for all that you do for our Kawartha Lakes community,
especially for people with disabilities.

Congratulations!!!

Congratulations to Dunsford resident, **Jon Thurston** who participated at the **2022 Beijing Paralympics** in the sport of wheelchair curling. Jon along with his teammates brought home the **bronze medal**.
