PARTY OF THE FIRST PART

-and-

THE CORPORATION OF THE CITY OF KAWARTHA LAKES

(hereinafter referred to as "the City")

PARTY OF THE SECOND PART

Whereas the Farmers' Market has been located on Victoria Avenue in Lindsay since 1996, and

Whereas both the City and the Lindsay Farmers' Market Association (LFMA) wish to continue with a similar Agreement to allow for a farmers' market in Downtown Lindsay;

IT IS HEREBY confirmed and acknowledged by the Parties hereto:

1. **Saturday Market**

1.1. **Location** It is the intention of the City to provide to the Farmers' Market, for its exclusive use to hold a farmers' market during the times noted in Section 1.2, that portion of the southbound lanes of Victoria Avenue North, in the geographic area located between the north curb line of Kent Street West and the south curb line of Peel Street, and that portion of the northbound lanes of Victoria Avenue North, in the geographic area located between the north curb line of Kent Street West and the south curb line of Peel Street, the portion of the parking lot area, north and south side, adjacent to the Paramedic Services Building and the Public Library, comprised of up to sixteen (16) public parking spots and the boulevard areas including the centre island.

1.2. **Street Closure Time:** The specified period of time which the street noted in Section 1.1 is and shall remain closed, is from 5:00 o'clock a.m. until 2:00 o'clock p.m. on every Saturday between the first Saturday in May and the last Saturday in October, both inclusive, during the calendar years 2022 through 2026, both inclusive.

- 1.3. **Opting Out:** The Farmers' Market shall provide the City with a minimum of four) weeks advance notice of any dates and/or times specified in Subsection 1.2 on which it does not wish the Street to be closed, and this Agreement shall be deemed to have been amended to exclude those dates.
- 1.4. **Details:** The closure referenced in Section 1.1 and 1.2 is with respect to vehicular traffic. Pedestrian traffic is permitted on the closed Street.
- 1.5. **Exclusive Use:** During the dates and times set out in Section 1.2 (as deemed amended in accordance with Section 1.3), the City grants to the Farmers' Market exclusive use of the Street described in Section 1.1.
- 1.6. **Repairs to Damage:** The Farmers' Market shall restore, at its expense and to the City's satisfaction, any damages to the street or landscaped areas which are damaged during the course of the Farmers' Market events.
- 1.7. **Permitted Use:** Permission is granted to the Farmers' Market to use the Street on the dates and during the times specified in this By-law for the purposes of holding a farmers' market.
- 1.8. **Alternate Route:** The standard Alternate Routes for passing traffic shall be Kent Street West to Sussex Street North to Peel Street, or Kent Street West to Cambridge Street North to Peel Street. Should these routes not be available for use, an alternate detour must be applied for by the LFMA per By-law 2020-148, as amended.
- 1.9. **Barriers & Signs:** While the Street is closed, the Farmers' Market shall be responsible to ensure that barriers and detour signs are erected per a City approved traffic control plan compliant with OTM Book 7, April 2022 amendments. These barriers shall contain either or both warning signals and signs indicating that the Street is closed as approved by the Director of Public Works of the City. Where an alternative route has been set out for passing vehicular traffic, the Farmers' Market shall ensure that adequate detour signs are erected, to the satisfaction of the Director of Public Works of the City, to indicate the alternate route. The Farmers' Market can work with the City to borrow signs where possible. Where the City is unable to provide signs or barriers, the Farmers' Market shall be responsible to provide and erect appropriate signage.
- 1.10. **Charges:** For the five year term of this arrangement there will be no fee charged for the use of either the designated section of Victoria St. N. or the designated area in the adjoining Library Parking Lot. Likewise, for the five year term, the City agrees to provide the necessary barricades and signs, if available, (to be put in place and removed, however, by Farmers' Market personnel) at no charge, unless there is an operational emergency causing the signage to be unavailable, in which case the Farmers' Market must provide the barricades and signage at their own expense, or cancel the event.
- 1.11. **Services:** The Farmers' Market is responsible for any costs associated with servicing and services associated provision of the farmers' market.

- 1.12. **Electricity:** The Farmers' Market has vendors which require electricity to operate their booth. The municipality has permitted access to specific outdoor outlets on the exterior of the Paramedic Services building. Only those specified outlets are to be used. There will be no use of outlets dedicated to charging of Paramedic Vehicles.
- 1.13. **Safety:** Safety is a concern for both attendees of the farmers' market and users accessing the park and sidewalks around the farmers' market. Unprotected electrical cords are a trip and fall hazard. Access to specified electrical outlets from the Paramedic Services building will continue to be available for market vendor use during the dates and times identified in this agreement. At all times, the electrical cords must be placed with safety of the public in mind to avoid trips and falls. Where the cords are in a high traffic area, including, but not limited to, sidewalks, hazard cones must be placed with the electrical cone for identification, and the cord must be covered to prevent trips and falls.
- 1.14. **Use of Adjoining Lands:** The commitment to the Farmers' Market, as outlined herein, would in no way restrict, prevent or encumber the City from either using, or assigning to the use of other groups or organizations, municipally-owned lands adjoining the farmers' market site, including Victoria Park, the Armoury, and the remainder of the Parking Lot behind the Library and Lindsay Municipal Service Centre. The City agrees that it will, at all time, provide the Farmers' Market with prior notice as to any organized events or uses of these lands which may be coincident with the farmers' markets' hours of operation.
- 1.15. **Washroom Facilities:** Washroom facilities must be available within 100 m of the farmers' market for use by the vendors and attendees of the farmers' market during all times that the farmers' market is open. The Farmers' Market is responsible to ensure that washroom facilities or a portable toilet with handwashing are available at all times that the farmers' market is open and if none are available the farmers' market will not open to the public. The City will provide no portable or toilet facilities on or for the site. In addition to noting the availability of private or publicly available commercial facilities of this sort within the vicinity of the site that the Farmers' Market may make arrangements for use by vendors and attendees, the City will endeavour, for the Saturday market, to ensure the availability of toilet facilities in the Police building, the Library, and the Armoury, at such times as those buildings would normally be open to the public.
- 1.16. **Parking:** At the present time, there is a two-hour free parking period on streets within the downtown area of Lindsay. In addition, selected municipal parking lots permit four-hour free parking. Attendees and vendors are expected to park within legally permitted and available public parking areas and times, on streets or in municipal parking lots, should the availability change from these stated limits.
- 1.17. **Garbage:** The Farmers' Market is wholly responsible for ensuring that, upon departing each week, the street and Parking Lot area are left in the same condition in which they were taken over that same morning. Garbage is the responsibility of the Farmers' Market, and there will be no provision by the City of garbage bins or

containers for the disposal of waste or recycling within the farmers' market location described in Section 1.1. Vendors selling ready-to-eat products or other products that produce consumer garbage within the market must provide their own garbage receptacles within their booth for use by customers. Vendors must be notified by the Farmers' Market that they are expected to take their garbage with them at the end of each market. They are not to utilize nearby bins or containers within Victoria Park to deposit waste or recycling. In the event that it is deemed necessary, the City, at its sole discretion, may require the Farmers' Market to provide a "Cleaning Deposit" as a condition of the continuance of this agreement.

- 1.18. **Liaison:** The City will, throughout the period of this agreement, designate one of its staff members as "Liaison Officer". All dealings and co-ordination between the Farmers' Market and the City, whether in regard to co-ordination or communication, shall be through the person of the Liaison Officer. The City agrees to notify the Farmers' Market of any change, either in procedure or appointment, in the designation of the Liaison Officer. At the inception of this agreement the City's Economic Development Officer - Agriculture, is designated as Liaison Officer for this purpose.
- 1.19. **Signage:** The Farmers' Market is advertised currently with signage provided by the Lindsay Business Improvement Association at various points throughout the City as well as by signage existing in the boulevard of Victoria Avenue. Should any of these signs require repair or replacement, the Farmers' Market agrees to ensure that the appropriate approvals and permits are secured through the municipal Building Division as per requirements of the City of Kawartha Lakes Sign By-law 2009-076.
- 1.20. **Promotion:** The Farmers' Market would be accorded appropriate positioning in the City's applicable general, agricultural and tourism-focused promotional vehicles throughout the period of this agreement. Public announcements of such matters as the opening of the Market season, and suchlike, would be provided through the Announcements portion of the televised Council Meetings. The City, through the person of the Liaison Officer, would also endeavour to establish co-promotion arrangements between the Farmers' Market and any such organizations as the Lindsay B.I.A., the Lindsay and District Chamber of Commerce, the Kawartha Choice FarmFresh program, the local media, and various appropriate private concerns.

All policies shall be with insurers licensed to underwrite insurance in the Province of Ontario. All policies shall apply as primary and not as excess of

any insurance available to the City. The Farmers' Market shall provide the City with a valid Certificate of Insurance from any such Vendor prior to the Vendor's participation in the Farmers' Market.
