

Committee of the Whole Report

Report Number: ED2023-006

Meeting Date: March 7, 2023

Title: **Proposed Heritage Designation of 932 Highway 7, Geographic Township of Mariposa**

Description: Proposed heritage designation of 932 Highway 7 (Oakwood School/Oakwood Library) under Part IV of the Ontario Heritage Act

Author and Title: Emily Turner, Economic Development Officer – Heritage Planning

Recommendations:

That Report ED2023-006, **Proposed Heritage Designation of 932 Highway 7, Geographic Township of Mariposa**, be received;

That the Municipal Heritage Committee's recommendation to designate 932 Highway 7 under Part IV of the Ontario Heritage Act as being of cultural heritage value or interest be endorsed;

That staff be authorized to proceed with the process to designate the subject property under Part IV of the Ontario Heritage Act, including the preparation and circulation of a Notice of Intention to Designate, and preparation of the designating by-law;

That a designating by-law be brought forward to Council at the next Regular Council Meeting following the end of the notice period; and

That this recommendation be brought forward to Council for consideration at the next Regular Council Meeting.

Department Head: _____

Financial/Legal/HR/Other: _____

Chief Administrative Officer: _____

Background:

The City of Kawartha Lakes designates properties under Part IV of the Ontario Heritage Act. Properties are recommended for designation by their owners, members of the public, local organizations, the Municipal Heritage Committee, Council or staff. Properties proposed for designation are reviewed by the Municipal Heritage Committee, as required by subsection 29(2) of the Ontario Heritage Act, and their recommendation is brought forward to Council under the cover of a staff report.

932 Highway 7 in Oakwood is the former Oakwood School/Mariposa School Section 12 and is currently owned and operated by the City of Kawartha Lakes as the Oakwood Branch of the Kawartha Lakes Public Library. The property is listed on the City's Heritage Register and was one of the original properties that the City listed due to its high level of cultural heritage value. Although there was initially no intention by staff to designate this building under Part IV of the Ontario Heritage Act, amendments to the Ontario Heritage Act made through Bill 23, More Homes Built Faster Act (2022) now require municipalities to designate listed properties or remove them from the Register within two years of the amendments coming into effect. Practically, this means that, in order for municipalities to provide heritage protection to its cultural heritage resources as is required by provincial land use planning policy, they must be designated under Part IV of the Act. The amendments came into effect on January 1, 2023.

932 Highway 7 has been prioritized for designation because it is City-owned, meaning that there will be no lengthy owner-initiated appeal process, although third-party appeals are always possible with regard to designations under Part IV of the Act. A third-party appeal is not anticipated with regard to this property. The proposed direction of designating City-owned listed properties first is supported by the Director of Community Services under whose portfolio these properties fall. Staff have undertaken a site visit to and heritage evaluation report about the property and have determined that the property is eligible for designation under Part IV of the Act.

At its meeting of February 9, 2023, the Kawartha Lakes Municipal Heritage Committee reviewed the heritage evaluation report for this property and adopted the following resolution:

KLMHC2023-023

Moved By I. McKechnie

Seconded By S. McCormack

That Report KLMHC2023-012, **Proposed Heritage Designation of 932 Highway 7, Geographic Township of Mariposa**, be received;

That the designation of the property known municipally as 932 Highway 7 be endorsed; and

That the recommendation to designate the subject property be forwarded to Council for approval.

Carried

This report addresses that direction.

Section 29 of the Ontario Heritage Act provides that, upon consultation with its municipal heritage committee, and after serving a Notice of Intention to Designate pursuant to the requirements of the Act, the Council of a municipality may pass a by-law designating a property within the boundaries of the municipality to be of cultural heritage value or interest if it fulfils the criteria for designation under the Act, as identified in Ontario Regulation 9/06. Both staff and the Kawartha Lakes Municipal Heritage Committee are satisfied that the subject property fulfils the criteria for designation set out under Ontario Regulation 9/06.

Rationale:

Ontario Regulation 9/06 identifies the criteria for determining the cultural heritage value of a property. Under this regulation, a property may be designated under Part IV, s.29 of the Ontario Heritage Act if it meets at least two of the following criteria:

1. The property has design value or physical value because it:
 - a. is a rare, unique, representative or early example of a style, type, expression, material or construction method,
 - b. displays a high degree of craftsmanship or artistic merit, or
 - c. demonstrates a high degree of technical or scientific achievement.

2. The property has historical value or associative value because it:
 - a. has direct associations with a theme, event, belief, person, activity, organization or institution that is significant to a community,
 - b. yields, or has the potential to yield, information that contributes to an understanding of a community or culture, or
 - c. demonstrates the work of an architect, artist, builder, designer or theorist who is significant to the community.
3. The property has contextual value because it:
 - a. is important in defining, maintaining or supporting the character of the area,
 - b. is physically, functionally, visually or historically linked to its surroundings, or
 - c. is a landmark.

Amendments made to the Ontario Heritage Act under Bill 23 require a property to meet two or more criteria in order to be eligible for designation. 932 Highway 7 fulfils multiple criteria under Ontario Regulation 9/06 and is therefore eligible for designation under Part IV of the Act. A heritage evaluation report has been prepared for this property which outlines its significance and demonstrates which criteria it fulfils. This report is attached as Appendix A. A statement of significance for the property as required by the Act, which summarizes the property's cultural heritage value and reasons for designation, can be found below.

932 Highway 7 Statement of Significance

Design and Physical Value

The property has design and physical value as a representative example of an early twentieth century schoolhouse in Mariposa Township. The school was constructed in 1913 in the Beaux-Arts style which was popular in the late nineteenth and early twentieth centuries for educational architecture in Ontario and demonstrates a high degree of craftsmanship through its well-executed elements, something that was recognized at the time of its construction. It includes key elements of the Beaux-Arts style as employed for school architecture including banks of windows, rounded arches, and a projecting entrance with a decorative belfry.

Historical and Associative Value

The property has historical and associative value as the former school house for Mariposa School Section 12, which covered the community of Oakwood beginning in the mid-nineteenth century. It has direct association with the history and development of education in the community. The school was constructed in 1913 to a design by Barrie-area architect William B. Taylor to replace an older frame school in the hamlet and yields information regarding the history of education in both Mariposa Township and the hamlet of Oakwood, as well as Oakwood's role as a population centre for the surrounding rural area.

Contextual Value

The property has contextual value as a local landmark as well as a contributing feature to the historic hamlet character of Oakwood. The property is a landmark as the former local school and later the public library. It is located in a prominent location in the community along Highway 7. It contributes to the historic hamlet character of Oakwood as one of a range of late nineteenth and early twentieth century buildings which comprise the majority of the community's building stock. As one of the community's primary institutional buildings, it reinforces the character of Oakwood as a hamlet in a primarily rural agricultural township.

Provincial Policy Conformity

Provincial Policy Statement (2020)

The Provincial Policy Statement (PPS) sets the policy foundation for development and land use planning Ontario. The policy intends to balance the needs of growth and economic development with the need for ensuring a high quality of life, public safety and health, and the conservation of natural and cultural heritage resources. Section 2.6 (Cultural Heritage and Archaeology) requires municipalities to conserve significant built heritage resources and significant cultural heritage landscapes as part of the land use planning process, stating that "Significant built heritage resources and significant cultural heritage landscapes shall be conserved."

Significant built heritage resources, as defined by the PPS, are those which have been determined to have cultural heritage value or interest as established by the criteria under the Ontario Heritage Act. These criteria are outlined by Ontario Regulation 9/06. The subject property has been evaluated based on the criteria under Ontario Regulation

9/06 and has been found to fulfil those criteria and, therefore, is a significant heritage resource within the municipality which requires conservation through designation under Part IV of the Act.

A Place to Grow: Growth Plan for the Greater Golden Horseshoe (2019)

A Place to Grow: Growth Plan for the Greater Golden Horseshoe was prepared by the Ontario government in order to help guide the land use planning process and assist communities within the Greater Golden Horseshoe achieve a high quality of life, positive economic development, and protection for important local resources.

Section 4.2.7 (Cultural Heritage Resources) requires municipalities to conserve their cultural heritage resources as part of the land use planning process “in order to foster a sense of place and benefit communities”. The Growth Plan defines cultural heritage resources as “built heritage resources, cultural heritage landscapes, and archaeological resources that have been determined to have cultural heritage value or interest for the important contribution that make to our understanding of the history of a place, event, or a people. While some cultural heritage resources may already be identified and inventoried by official sources, the significance of others can only be determined after evaluation.”

The subject property has been determined to have cultural heritage value or interest through evaluation based on Ontario Regulation 9/06 and therefore requires conservation through designation under Part IV of the Act. This property has a high degree of historic significance with regard to the history of Oakwood as the former local school and community benefit would be gained through its ongoing preservation.

City of Kawartha Lakes Official Plan (2012)

The City of Kawartha Lakes Official Plan was amended in 2017 to include strengthened cultural heritage policies. Official Plan Amendment 26 outlined those amendments.

Three of the heritage policies speak directly to the conservation of individual heritage properties:

- a) Cultural heritage resources of significant cultural heritage value or interest shall be identified, protected and conserved.

- e) The City shall use the tools available to it under the Municipal Act, the Planning Act, the Environmental Assessment Act, and the Ontario Heritage Act to conserve cultural heritage resources.
- f) Cultural heritage resources shall be maintained in situ and in a manner that prevents the deterioration and conserved the identified cultural heritage values or interest and/or identified heritage attributes of the cultural heritage resource.

The City's policies require it to conserve cultural heritage resources and designation under Part IV of the Ontario Heritage Act is a tool for doing so. In this case, the subject property has been found to have cultural heritage value through evaluation and individual designation is the most appropriate method for ensuring its conservation.

Other Alternatives Considered:

There are no recommended alternatives. Amendments to the Ontario Heritage Act now require municipalities to review and designate their listed properties and the City is required to follow provincial direction.

Alignment to Strategic Priorities

The designation of property under Part IV of the Ontario Heritage Act supports the following goals from the Council adopted Strategic Plan:

- A Vibrant and Growing Economy
- An Exceptional Quality of Life

The identification and protection of heritage assets in the community through designation promotes and exceptional quality of life by supporting and promoting arts, culture and heritage within the municipality. Designation provides long term protection and management for key heritage resources in the municipality and recognizes their importance to the community.

The protection of heritage resources in the municipality also assists in the growth of the local economy in general by identifying, protecting, and celebrating places where people want to live, work and visit. It encourages investment in local communities by ensuring and promoting attractive places for residents and businesses to be. It also has a direct impact on developing local tourism through the preservation of sites and landscapes that people want to visit.

Financial/Operation Impacts:

There will be costs associated with the provision of public notice and for the registration of the designation by-law associated with this application which are covered by the existing Heritage Planning budget.

It is not anticipated that there will be any additional legal fees as it is unlikely that there will be an appeal related to the designation of this property, as it is City-owned. There is the potential for third-party appeals of the designation to the Ontario Land Tribunal; however, appeals of this nature are rare and staff do not anticipate an appeal.
