Background:

The Waste Management Advisory Committee was established to ensure the development and implementation of the ongoing Integrated Waste Management Strategy and subsequent revisions for the City of Kawartha Lakes and to provide recommendations to Council specific to the Strategy. This committee was formerly designated as the Waste Strategy Task Force, but was established as a committee in December of 2018.

This report provides a summary of the work completed by the committee in the rational section below for 2022 and a proposed 2023 Work Plan is attached as Appendix A. The Waste Management Advisory Committee has reviewed the 2023 Work Plan and they made the following resolutions at the January 30, 2023 committee meeting:

Moved By Dan Joyce

Seconded By Brian Junkin

That the Waste Management Advisory Committee approves and supports the 2022 Work Summary and 2023 Work Plan.

Carried

Rationale:

A summary of the 2022 work completed by the Waste Management Advisory Committee is provided in the table below:

Goal	Completed in 2022
Advise and provide support and guidance to staff to the ongoing development, revisions and implementation of the Integrated Waste Management Strategy	<p>The Committee was consulted on Strategy initiative implementation plans and progress:</p> <p>The committee reviewed and provided feedback on a summary of the 2020-2021 Strategy initiatives which were achieved and which still needed to be completed, and a timeline for achieving the ongoing initiatives.</p>

Goal	Completed in 2022
Assist with public consultation and make recommendations with regard to the Integrated Waste Management Strategy	Throughout the year the committee assisted staff with public consultation and recommendations and the successful implementation of mailing out calendars to members of the public. Interests of residents was a common theme discussed throughout implementation of strategy initiatives.
Ensure the development and implementation of the Integrated Waste Management Strategy achieves Council's strategic priorities.	<p>Throughout the implementation process the committee provided insight and feedback in line with Council's strategic priorities. As an example the following activities were completed:</p> <ul style="list-style-type: none"> • Report to Council on Corporate Waste Vision • Report to Council and public consultation for Future Waste Options • Promote bulky plastics pilot program, changes to mattress program • Continue reaching out to marinas and farmers regarding recycling options for boat and bale wrap • Complete request for expression of interest for SSO program • Report to Council on Capital Improvements Study (completed by Engineering and Corporate Assets). • Continue increasing C&D diversion and mattress diversion • Work with other departments on improvements of public space recycling • Start planning how to implement corporate waste reduction vision procedures

Staff is confident the work of the Waste Management Advisory Committee is of value to the residents of the City of Kawartha Lakes. Staff recommends Council approve the 2023 Work Plan.

Other Alternatives Considered:

No alternatives were considered.

Alignment to Strategic Priorities

The Waste Management Advisory Committee provides a link between the City and the public by providing a forum for open dialogue regarding the Integrated Waste Management Strategy. The activities of the Committee do align with the City's Strategic Priorities specifically "A Healthy Environment". The committee provides input on the Integrated Waste Management Strategy.

Financial/Operation Impacts:

The proposed 2023 Work Plan has no significant financial impacts.
