Subject: New Dock Licence Agreement Issue

To: Ron Ashmore, Mayor Doug Elmslie, and Council Members,

I want to address an issue with the New Dock License Agreement being implemented this year.

Thurstonia residents are able to sell their homes and transfer their dock lease agreement to the new owners.

Cedar Glen Road residents with the numbers 800 and up cannot transfer their dock lease agreement when they sell their homes. Don't feel this is fair. Would very much appreciate being able to transfer my dock lease agreement to a future owner.

When I purchased my home the dock came with the sale of the house. Also the person before me and the person before them. I am now being told I can't do the same. I live within 400 metres of my dock just like Thurstonia residents. In the Thurstonia area we are talking about 175 docks, Cedar Glen we are just talking about 25 docks. I am sorry but this isn't right.

Would very much appreciate being able to transfer the licensed agreement to a future owner.

Thank you for taking the time to address this issue.

Debbie Farren
