Re: Call to Action: Review of the Cannabis Act

Please note that on February 1, 2023 Huron County Council passed the following motion:

Moved by: Councillor G. Finch and Seconded by: Councillor M. Anderson

THAT:

The Council of the County of Huron approve the report by CAO Meighan Wark dated February 1, 2023 titled Report to Council: Cannabis Act Information as presented;
AND FURTHER THAT:

The Council of the County of Huron advocate for improvements to the Cannabis Act and current legislative framework for cannabis in Canada by sending the report titled *Report for Council: Cannabis Act Information*, including the correspondence found in the appendices, to the Western Ontario Warden's Caucus (WOWC) for discussion and consideration;

AND FURTHER THAT:

The Council of the County of Huron approve forwarding Call to Action Letters to the following for support:

- Federation of Canadian Municipalities (FCM)
- All Municipalities in Ontario
- Ministry of Agriculture, Food and Rural Affairs (OMAFRA)
- Premier of Ontario
- Provincial Minister of the Environment, Conservation and Parks
- Provincial Minister of Agriculture
- Provincial Minister of Municipal Affairs and Housing
- Member of Parliament
- Federal Minister of Agriculture and Agri-Food
- Federal Minister of Health

CARRIED

The County of Huron calls for a review and amendments to the Cannabis Act and the current legislative framework for cannabis in Canada.

To be clear, the County of Huron is not against or opposed to cannabis and we appreciate the role that both the federal and provincial governments provide in assisting municipalities. However, when new legislation is implemented, it is often at the municipal level that the impacts of change can be observed, and notations can be made for areas of improvement. It is vital that municipal governments pay attention and provide information and recommendations to higher levels of government so that continual improvements can be made over time.

It is in this spirit that we provide the following recommendation:

As a municipal government for one of Canada's most agriculturally productive regions and a popular tourism destination, we have been in the position to observe the last several years of legal cannabis production under the Cannabis Act as managed by Health Canada.

Under the current legislative and regulatory framework, we have observed, and continue to observe, serious odour impacts on local communities and residents from cannabis production facilities; including concerns from local medical practitioners about these impacts. Most often, these odour impacts arise from properties used for 'The Production of Cannabis for Own Medical Purposes by a Designated Person'.

In our local municipal experience, these facilities are often established without complying with local municipal zoning and nuisance by-laws, often contain hundreds of cannabis plants for each of the four assigned individuals, and usually do not include adequate odour controls to manage impacts on surrounding homes, public facilities, and the community at large.

To help manage public impacts of cannabis production facilities, we request that all production facilities, including facilities used by a designated person to produce cannabis for an individual's medical purposes, to require confirmation from the local municipality that the facility/site selected complies with all local municipal by-laws and regulations prior to an application being approved by Health Canada. We also request that Health Canada implement a system of minimum setbacks between cannabis production facilities and sensitive odour receptors, including homes and public facilities.

As an agricultural community, we have had extensive experience with the Ontario Ministry of Agriculture, Food and Rural Affairs' Minimum Distance Separation (MDS) Formula, an approach which has been used to successfully manage land use conflicts resulting from odour between livestock facilities and sensitive receptors for almost 50 years. We believe a system based on MDS would be appropriate to manage the

impacts of Health Canada's approved cannabis facilities, including both licensed commercial producers and designated growers for individuals.

In conclusion, we strongly recommend further notice and enhanced consultation with municipal governments when drafting and implementing legislation and regulations related to cannabis production, as there is a direct impact on local municipal operations, local residents, and in some cases, serious issues of non-compliance with local municipal by-laws.

Sincerely,

A handwritten signature in black ink, appearing to read "Glen McNeil". The signature is fluid and cursive, with the first name "Glen" and last name "McNeil" clearly distinguishable.

Glen McNeil
Warden, Huron County
On behalf of Huron County Council
