## Repurposed Trucks

| Original      | Move to | Move to | Move to | Out of  |
|---------------|---------|---------|---------|---------|
| Unit/Location |         |         |         | service |
| 211           |         | 611     | 2111    | 1411    |
| 412           |         | 1612    |         | sold    |
| 1011          |         | 2111    | 1611    | sold    |
| 112           |         | 1612    | 2012    | sold    |
| 111           |         | 1511    | 1411    |         |
| 613           | 2019    |         |         |         |
| 114           | 2214    |         |         |         |
| 411           | 1811    |         |         |         |
| 312           | 1812    |         |         |         |
| 1911          | 1611    |         |         |         |
| 2212          | 1612    |         |         |         |
| 321           | 1621    |         |         |         |
| 111           | 611     |         |         |         |
| 311           | 711     |         |         |         |
| 812           | 2012    |         |         |         |
| 712           | 2022    |         |         |         |
| 1021          | 821     |         |         |         |
| 811           | 2111    | 1421    |         |         |
| 2112          | 1922    |         |         |         |
|               |         |         |         |         |
|               |         |         |         |         |
|               |         |         |         |         |
|               |         |         |         |         |
|               |         |         |         |         |
|               |         |         |         |         |
|               |         |         |         |         |
|               |         |         |         |         |
|               |         |         |         |         |
|               |         |         |         |         |

Over 25% of the fire fleet has been repurposed into less busy halls as they age. Some have been repurposed more then once.
