Attention: Laura Carnochan

Dear Madam:

Re: Portion of Road Allowance between Fenelon Township and Somerville Township
North Side of Lot 32 Concession 9, Fenelon Township

I own vacant land in Lot 32 Concession 9, Fenelon Township and am personally interested in purchasing a portion of the above road allowance.

I enclose the following:

- (a) CKL Form - Road Allowance Purchase Inquiry signed May 11, 2023
- (b) Webster cheque payable to CKL in the amount of \$139.10
- (c) Parcel Register for PIN 63158-0052 (LT)
- (d) Deed to me, No. 282069 registered August 15, 1991
- (e) Property Index Map printed May 1, 2023
- (f) Sketch-Design dated December 18, 1991
- (g) My May 4, 2023 letter to CKL Planning with respect to multiple severance applications
- (h) Copy of Severance Application submitted with the above May 4, 2023 letter

Please note Schedule A and the 1991 O.P. Amendment Application receipt in the Severance Application.

James R. Webster B.A., LL.B.

A portion of the road allowance north of the proposed lots, C, D and E is of interest to me depending on price.

I have spoken to [REDACTED] who owns the land in Somerville abutting the road allowance. [REDACTED] advised that he is probably not interested in purchasing his half so if closing does proceed, I would most likely be purchasing the full 66 feet.

Assuming, without knowing, that in the normal course, CKL would proceed with a closing, the question becomes the appraised value, etc.

I can not imagine that anyone would ever want to open the road allowance and build a road as there are extensive wetlands both west and east of the area I am interested in what is essentially a high area behind (north) the east half of proposed Lot C, behind proposed Lot D and behind Lot E or a portion of Lot E.

Considering all of the above, if possible, rather than going through the usual process and then getting an appraisal and the appraised value being more than what the land is worth to me, can we discuss getting the appraiser involved at an early stage?

I would rather pay for an appraisal, etc. and determine if we can come to terms on price, all subject to eventually later obtaining closing and conveyance approval, etc. from CKL than following the usual process.

I would like to meet with the appropriate committee to discuss this.

Please advise.

Yours truly,

JAMES R. WEBSTER

Dear Mr. Webster:

Re: Request to Purchase Road Allowance adjacent to Part Lot 32, Concession 9,
Fenelon
Our File No.: L06-25-RS025

We confirm your above-noted request was reviewed by the Land Management Team at their meeting on July 10, 2023. Unfortunately, the Team members could not approve your request as the road allowance is unbroken and may be useful for future connectivity.

Should you not agree with this decision you are able to make a deputation directly to Council. Please note that deputations are scheduled through the Clerk's office and delegations are limited to a time period of not more than five (5) minutes inclusive of all speakers. The application form and additional information on this process can be found on the City of Kawartha Lakes website: <https://www.kawarthalakes.ca/en/municipal-services/speak-before-council.aspx>. The Clerk's office can be reached by telephone at: 705-324-9411 ext. 1341 or by e-mail: clerks@kawarthalakes.ca.

Sincerely,

The Corporation of the City of Kawartha Lakes

Good Afternoon,

Thank you for your July 21, 2023 letter.

I do not understand what is meant in paragraph one - "the road allowance is unbroken and may be useful for future connectivity".

I can not imagine what "future connectivity" would possibly be applicable considering the "lay of the land" - both the road allowance and the adjacent/surrounding lands.

As this does not make any sense to me and I therefore need to be better informed to try to understand this, please respond to the following:

(a) Who is on/participated in the Land Management meeting and what are their roles with CKL?

(b) Did anyone from CKL attend the site and review the lands? If so, who, when and what did they observe and report? If there was an on site report, please provide a copy to me.

(c) Where or what or how do they think the land may be "useful for future connectivity"? What do they think or propose is going to possibly be connected?

Thank you for your assistance.

Jim
