Message from the Mayor and CAO

On behalf of the municipality, it is our pleasure to present the Kawartha Lakes Strategic Plan 2024-2027, our roadmap for the next four years. These are exciting times for Kawartha Lakes, as we look towards unprecedented growth and development over the next several years.

The Strategic Plan, developed through consultation with Council, the public, community partners and staff, reflects the values, vision and mission for our municipality. As a result, it is inclusive of all Kawartha Lakes and builds on our past actions, priorities and momentum to meet the community's requirements without compromising future generations. Complementing this high-level strategy are a variety of Master Plans and Strategies across our municipal divisions that are also listed in this Strategic Plan.

Weighing the requirements of the entire community, this Strategic Plan aims to balance the demands for growth while ensuring we are fiscally responsible. Our four Strategic Priority Areas with specific action items and goals to support are:

- 1. A Healthy Environment**
- 2. An Exceptional Quality of Life**
- 3. A Vibrant and Growing Economy**
- 4. Good Government**

This plan is not just a document but a commitment to our future. It requires us to partner and collaborate with every sector of our community. Together, we will navigate the challenges ahead, ensuring our municipality not only grows but thrives. In line with our focus on service excellence, we will be monitoring our progress and regularly reporting on our strategic priority areas.

Thank you for your ongoing support and participation in shaping the future of Kawartha Lakes.

Sincerely,

Doug Elmslie,
Mayor,
City of Kawartha Lakes

Ron Taylor,
