**Petition Request:** We the undersigned, petition the Council of the City of Kawartha Lakes to implement a 40km/h Community Area Speed Limit for the entire community of Lorneville within the hamlet boundaries.

We also request the installation of a Radar Speed Sign and/or a Children Playing Sign installed where the speed limit drops along Kawartha Lakes Road 46.

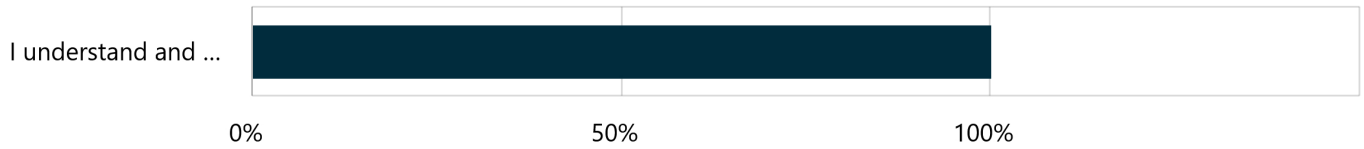

**Petition Background:** Following the recent accident that took place on the corner of Lorneville Road and County Rd 46, we would like to request some safety measures be put in place to protect the people and children in Lorneville. Everyday people speed down County Rd 46 as it is a long stretch of road with a consistent speed limit of 80, that is until you reach the small hamlet of Lorneville where the speed limit drops to 60. This road is consistently used by cottagers and people heading north for the weekend to avoid the traffic delays on Highway 12. Most people who travel this road do at least 100 and don't bother to slow down for the small stretch where it drops down to 60. During the summer months kids are out playing, riding their bikes, going for walks or heading the "ice cream shop" (Lorneville Antiques). There are many houses along this stretch of road and during the school year, multiple kids walk to and wait for the bus on the shoulder of County Rd 46. It just takes one person speeding and loosing control in the wrong place at the wrong time and the outcome would be detrimental.
