

Council Memorandum

Date:	November 19, 2024
To:	Council
From:	Councillor Perry
Re:	Lakeview Park Road – snow plowing 2024/25 season

Recommendation

That the Memorandum from Councillor Perry, **regarding Extending Snow Plowing on Lakeview Park Road for the 2024/25 Winter Season**, be received; and

That Staff be authorized to continue to provide snow plowing to Lakeview Park Road for the 2024/25 winter season.

Rationale

Last November, Council approved (CW2023-270) resumption of snow plowing of Lakeview Park Road for the 2023/24 winter season to provide time for a Limited Services Agreement (LSA) to be executed with the residents. Since last November, the residents have: created a not-for-profit organization; joined the Federation of Ontario Cottage Associations; obtained a quote for insurance from Cade; and are amending documents to move forward with vesting of the common areas with the non-for-profit. The residents have demonstrated and stated their commitment to signing an LSA, but require some additional time to complete and execute the agreement . Director Robinson, Public Works, has been consulted on this matter.
