**Petition Request:** We the undersigned, petition the Council of the City of Kawartha Lakes to conduct a speed and safety analysis of the area around Alexandra Public School.

**Petition Background:** Alexandra Public School is increasingly more busy as a result of the recent school boundary change. We have doubled our school population and it has made crossing safely north/south along Albert street very difficult as there is no stop sign from Colborne street all the way south to Kent street. Central senior school is also along this route and their students are also not able to cross Albert st. safely. Our petition to have a stop sign installed north/south at Bond and Albert would reduce traffic speed and allow our families a safe space to cross. With the addition of new stop signs at Francis and Sussex this will sadly mean that Albert street will become increasingly more busy and difficult to cross safely for our families if appropriate action is not taken along Albert street as well.
