There can be a maximum of two speakers for each deputation. Please list the name(s) of the individual(s) who will be speaking. The names that are listed here will be included on the Council Meeting Agenda.

Deputant One:

Maggie Braun

Deputant Two:

Angel Godsoe

Please provide details of the matter to which you wish to speak: *

We wish to address the financial and operational implications of the City of Kawartha Lakes's participation in the Partners for Climate Protection (PCP) program. Specifically, we will:

Highlight the significant costs associated with the PCP program milestones and the high-capital expenditures required to implement Climate Action Plans, as detailed in a recent cost analysis report.

Propose a resolution for council to conduct a cost-benefit analysis of continued PCP participation and consider withdrawing if the financial and operational commitments are unsustainable or misaligned with community priorities.

Advocate for prioritizing locally driven environmental stewardship initiatives, such as tree planting, water conservation, and waste management, which deliver meaningful benefits without the extensive costs and liabilities tied to global frameworks.

Our delegation will focus on presenting practical, community-centered alternatives that support fiscal responsibility and align with the needs of City of Kawartha Lakes.

Please attach any additional supporting documents you wish to provide and submit with this completed form.

What action are you hoping will result from your presentation/deputation? *

Action We Are Hoping Will Result from Our Presentation/Deputation

We are requesting that Council:

Adopt a resolution to conduct a thorough cost-benefit analysis of the municipality's participation in the Partners for Climate Protection (PCP) program, evaluating its financial, operational, and community impacts.

Reassess participation in the PCP program, with the option to withdraw if it is determined that the program's costs and obligations outweigh its benefits to the community.

Refocus resources on practical, locally driven environmental stewardship initiatives, such as tree planting, water conservation, and waste management, which provide direct benefits to residents without the financial strain of global climate frameworks.

These actions will help ensure that municipal decisions prioritize fiscal responsibility, local control, and community-centered outcomes.

How would you like to complete your deputation? *
