I am the Landowner and Community Specialist at Kawartha Conservation. I manage our Kawartha Water Fund landowner grant program which is a municipally supported initiative. This program has been operating in Kawartha Lakes since 2019 with the goal of improving water quality and quantity across the Kawartha Watershed by supporting a growing mosaic of private land environmental projects.

I hope to present to council regarding the successes of the Water Fund program to date, as well as the launch of our 2025 funding round on January 28th. This is a timely piece of information for Council can use this to notify their constituents about the funding support that is available for various land improvement projects. I will also provide a summary of the successes the program has seen during its 6 year tenure.

Please attach any additional supporting documents you wish to provide and submit with this completed form.

**Have you discussed this matter with City Staff?**

No

**If yes, Which department and staff member(s) have you spoken to?**

**What action are you hoping will result from your presentation/deputation? \***

I hope that this deputation will provide information to Councillors about municipally supported initiatives that may be of use to them and their constituents. I would also like this to be an opportunity to highlight the successes of our program and congratulate the municipality for their support of a very popular initiative.
