**Petition Request:** We the undersigned, petition the Council of the City of Kawartha Lakes to resurface both Slalom Drive and Hillview Drive in Bethany in the current calendar year due to their current poor condition, which is primarily caused by an increasing number of potholes and deteriorating surfaces.

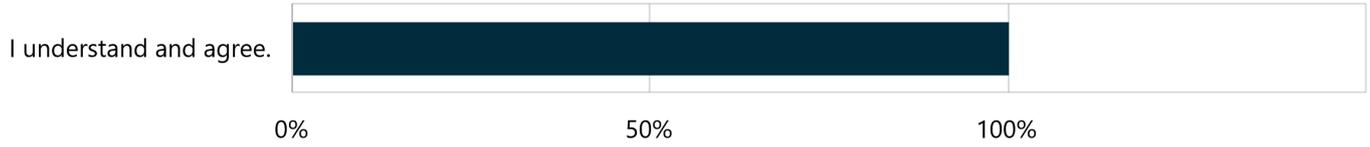

**Petition Background:** Slalom Drive and Hillview Drive in Bethany are in urgent need of resurfacing due to their current poor condition, which is primarily caused by an increasing number of potholes and deteriorating surfaces. These streets have become a safety hazard for motorists, cyclists, and pedestrians alike. Potholes, in particular, pose a significant risk to vehicles, as they can cause damage to tires, suspension systems, and even lead to accidents. Additionally, the uneven surfaces created by the erosion of the road structure can lead to difficult driving conditions, particularly during inclement weather. Resurfacing both of these roads would not only improve the driving experience but also enhance overall community safety. A well-maintained road system helps foster a positive environment for residents. Investing in the resurfacing of Slalom Drive and Hillview Drive would prevent further damage to vehicles, reduce repair costs, and promote a smoother and safer travel route for everyone. Given the critical state of these roads, immediate action is necessary. Resurfacing would restore the integrity of these important thoroughfares, ensuring they remain safe, functional, and aesthetically pleasing for the long term. The City of Kawartha Lakes needs to prioritize these repairs to ensure that these roads meet the necessary standards for the safety and well-being of the community.
