

On behalf of the residents of Falls Bay Road, City of Kawartha Lakes, I am asking council to consider the installation of a street light at the intersection of Pigeon Lake Road and Falls Bay Road. This is a very busy intersection at the base of a knoll and in a very dark area. This is a safety issue, not a matter of convenience. All people canvased expressed stories of near misses, emergency braking etc. Also to be considered is the safety of school bus children and emergency vehicles. Attached is the petition forms - it should be noted there were zero residents not in favor of this.

Larry Tamblyn

Email - [REDACTED]

A handwritten signature in cursive script, appearing to read "Larry Tamblyn", written over a horizontal line.
